I · TONG-IL · REUNIFICATION

Tong-Il stands for the resolution to reunify Korea, divided since 1945. The diagram, a single line, stands for one homogeneous people. You start in parallel stance with an overlapped back hand at the centre of the C–D line facing D: slow twin punches and a twin knife-hand strike; inward blocks and punches; back hand strikes with inward vertical kicks into the palm; a slow twin palm block and reverse knife-hand blocks; downward and outward vertical kicks with back fist strikes; bow wrist and palm pressing blocks; knife-hand rising blocks, upset punches and angle fingertip thrusts each way; reverse knife-hand guarding blocks; back forearm strikes on one leg with back kicks; four W-shape blocks in sitting stance; a jump into X-stance, under fist strikes, palm pushing and knife-hand circular blocks; and a side kick, twin elbow thrust, side punch and last punch to finish.

READING THE FOOTPRINTS

Gunnun sogi · walking stance. About 1½ shoulder widths long and one wide, front knee bent over the heel, rear leg straight. Named by the front foot.

Niunja sogi · L-stance. Feet at right angles, about 1½ shoulder widths apart, most of the weight on the bent rear leg. Named by the rear foot: this one, left foot forward, is a right L-stance.

Dwitbal sogi · rear foot stance. Short, front foot on its ball, almost all the weight on the bent rear leg. Named by the rear foot: this one is a right rear foot stance.

Annun sogi · sitting stance. Feet parallel, about 1½ shoulder widths apart, knees bent and pushed out, weight even.

Kyocha sogi · X-stance. One foot crossed behind the other, resting on its ball; usually after a jump.

Waebal sogi · one-leg stance. Stand on the red leg, the other foot drawn up to the side of its knee joint. Named by the standing leg.

Red foot leads; the blue tick is the direction you face. Walking-stance chips are filled; L-stance chips have a double outline. Directions are the ITF letters: you start facing D, with B on your left and A on your right.

PRACTICE NOTES

HOW THE DIAGRAM READS

You start at the centre facing **D**, the bottom of the page, so **B** (your left) is on the right of the page and **A** on the left. The ITF books draw the same diagram from behind you, with D at the top. Figures on the left and right are seen from the side; centre figures face you going toward D and show their back going toward C.
