+ · SAM-IL · 1 MARCH 1919

Sam-Il (three-one) is the date of the Korean independence movement that began across the country on 1 March 1919. The 33 movements stand for the 33 patriots who planned it. You start in close ready stance C at the centre of the cross facing D: a guarding block, double forearm block, knife-hand side block, twisting kick and punch toward D; reverse knife-hand wedging blocks in sitting stance, upset fingertip and double fist low punches and a double arc-hand block back toward C; reverse knife-hand and U-shape blocks, a sweeping kick, a jumping spin and a side kick toward B; an elbow strike, back elbow thrust, X-fist block, W-shape block and side kick toward A; palm blocks in rear foot stance; then upset, middle and high punches, a low kick and a twin fist vertical punch to finish.

READING THE FOOTPRINTS

Gunnun sogi · walking stance. About 1½ shoulder widths long and one wide, front knee bent over the heel, rear leg straight. Named by the front foot.

Niunja sogi · L-stance. Feet at right angles, about 1½ shoulder widths apart, most of the weight on the bent rear leg. Named by the rear foot: this one, left foot forward, is a right L-stance.

Gojung sogi · fixed stance. Like the L-stance but a little longer, weight even on both legs. Named by the front foot.

Dwitbal sogi · rear foot stance. Short, front foot on its ball, almost all the weight on the bent rear leg. Named by the rear foot: this one is a right rear foot stance.

Annun sogi · sitting stance. Feet parallel, about 1½ shoulder widths apart, knees bent and pushed out, weight even.

Sasun sogi · diagonal stance. A sitting stance with one foot about half a foot ahead of the other. Named by the front foot; drawn as the sitting stance.

Red foot leads; the blue tick is the direction you face. Walking-stance chips are filled; L-stance chips have a double outline. Directions are the ITF letters: you start facing D, with B on your left and A on your right.

PRACTICE NOTES

HOW THE DIAGRAM READS

You start at the centre facing **D**, the bottom of the page, so **B** (your left) is on the right of the page and **A** on the left. The ITF books draw the same diagram from behind you, with D at the top. Figures on the left and right are seen from the side; centre figures face you going toward D and show their back going toward C.
