I · YOO-SIN · THE GENERAL

Yoo-Sin is named after General Kim Yu-sin, a commanding general of the Silla kingdom. The 68 movements stand for the last two figures of 668, the year Korea was united. The ready posture holds the sword on the right rather than the left, for Yu-sin's mistake of following his king's orders to fight alongside foreign forces against his own nation. You start in warrior ready stance B facing D: angle punches, hooking blocks and punches in sitting stance; outer forearm, circular and scooping blocks with punches on the diagonals; X-fist and X-knife-hand blocks, punches and low kicks down toward D; guarding, double forearm and low blocks; then at the far end, twin upset punches to the diagonals, inner forearm blocks and slow angle punches, U-shape punches; waving and crescent kicks with back hand strikes and side kicks in sitting stance; 9-shape blocks; and twin vertical punches and guarding blocks to finish.

READING THE FOOTPRINTS

Gunnun sogi · walking stance. About 1½ shoulder widths long and one wide, front knee bent over the heel, rear leg straight. Named by the front foot.

Niunja sogi · L-stance. Feet at right angles, about 1½ shoulder widths apart, most of the weight on the bent rear leg. Named by the rear foot: this one, left foot forward, is a right L-stance.

Gojung sogi · fixed stance. Like the L-stance but a little longer, weight even on both legs. Named by the front foot.

Soojik sogi · vertical stance. Short, about one shoulder width, legs straight, the rear foot turned out and a little more weight on it. Named by the rear foot, like the L-stance.

Annun sogi · sitting stance. Feet parallel, about 1½ shoulder widths apart, knees bent and pushed out, weight even.

Red foot leads; the blue tick is the direction you face. Walking-stance chips are filled; L-stance chips have a double outline. Directions are the ITF letters: you start facing D, with B on your left and A on your right.

PRACTICE NOTES

HOW THE DIAGRAM READS

You start at the centre facing **D**, the bottom of the page, so **B** (your left) is on the right of the page and **A** on the left. The ITF books draw the same diagram from behind you, with D at the top. Figures on the left and right are seen from the side; centre figures face you going toward D and show their back going toward C.
