基礎 · KICHO · BASICS

The third basic form brings in the back stance, with an outer middle block before each punch on the side lines, and the short walking stance on the centre line, where the student punches on every step. Basic forms are not set by the Kukkiwon and every school has its own version; this page draws the version shown by Park's Tae Kwon Do.

READING THE FOOTPRINTS

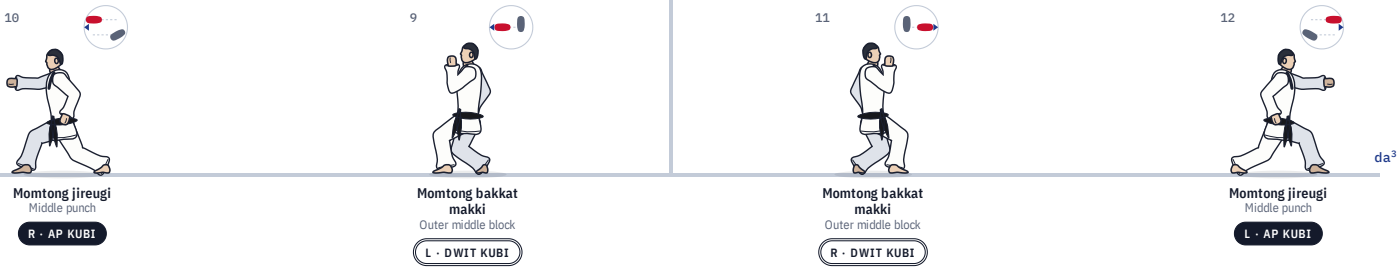

- **Ap seogi** · walking stance. One natural step, feet almost in line.
- **Ap kubi** · front stance. About 1½ steps long, one fist wide, front knee bent.
- **Dwit kubi** · back stance. Heels in line, rear foot turned out, weight on the bent rear leg.
- **Ap chagi** · front kick from the rear leg.

Red foot leads; the blue tick is the direction you face. Front-stance chips are filled. Back-stance chips have a double outline.

PRACTICE NOTES

HOW THE DIAGRAM READS

You start at **na** facing **ga** (the bottom of the page). Figures on the left and right are seen from the side; centre figures face you going toward ga and show their back returning toward na. Horse- and crane-stance figures face the way the body faces.
